DECLARATION OF AMY MORIARTY IN SUPPORT OF RULE 1.47(a) PETITION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

I, Amy Moriarty declare as follows:

1. I am a Paralegal employed by the firm of Schwegman, Lundberg, Woessner & Kluth, P.A., which represents Secure Computing Corporation in the above-referenced patent application.

2. I was given a Declaration under 37 C.F.R. § 1.131 from attorney Paul Urbanski to send to all of the inventors for the above matter for their review and signature. The list of inventors for this matter includes Jessica Bogle, Charles Payne, Richard O'Brien, and Daniel J. Thomsen. On March 10, 2006, a package that included the Declaration under 1.131, a copy of the application filed on January 14, 2000, including the specification, claims and drawings, and a copy of each reference listed in the declaration under 1.131, and a letter signed by myself, was prepared and sent to Jessica Bogle at her last known address (1703 Elm St., White Bear Lake, MN 55110) via Federal Express. The letter requested that Jessica Bogle sign and return the document to my attention. Attached hereto as Exhibit A is a true and accurate copy of the letter. Also attached hereto as Exhibit B is a copy of the Federal Express Track for this shipment.

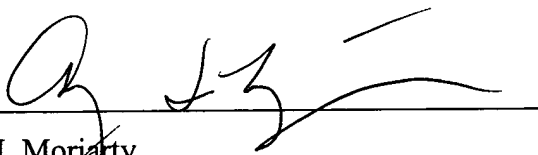

3. On March 15, 2006 the Federal Express package was returned with the indication that Jessica Bogle had moved to 15257 72nd Ave N., Maple Grove, MN 55311. This package was then re-sent to that address via Federal Express. This package was delivered to the new

address on Mach 17, 2006. Attached hereto Exhibit C is a copy of the Federal Express Track for this shipment.

4. On May 11, 2006, I tried to contact Jessica Bogle using her last known phone number (651-779-4351) and was unsuccessful in reaching her. I then called for information for the Maple Grove, MN area (411) and was given a new number of 763-420-7818. When I called this new number, I left a message on the voicemail machine to have Jessica Bogle call me back and I have not received a response.

5. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any United States patent issued thereon.
